

SGS IMPACT NOW
ESG Professional Certification

COURSE DESCRIPTION

This comprehensive course is designed to equip professionals with the knowledge and skills needed to effectively manage Environmental, Social, and Governance (ESG) matters within their organization.

Throughout the two-day training, participants will explore the growing importance of ESG, understand stakeholder expectations, evaluate material sustainability issues, and learn how to communicate organizational impacts through credible ESG and sustainability reports.

This course includes a detailed overview of the GRI (Global Reporting Initiative) Standards, IFRS S1 S2 and SASB — the world's most widely used frameworks & reporting guidelines for sustainability reporting. These provides a global common language for organizations to report their environmental and social impacts transparently and responsibly.
